

HITACHI

Reliable solutions

# Quality that you're **used** to

Introducing the Hitachi Premium Used programme  
for second-hand Hitachi construction machinery

Hitachi Construction Machinery

**PREMIUM USED**

# Why choose Hitachi Premium Used?

Introduced by Hitachi Construction Machinery (Europe) NV, the Premium Used programme gives you complete confidence in your used Hitachi construction equipment.

When you purchase a Hitachi Premium Used excavator or wheel loader from an authorised dealer, you can be assured of a reliable performance and complete peace of mind. It guarantees a high-quality machine with an approved Hitachi warranty.

Every Premium Used model undergoes a rigorous inspection and refurbishment process, using only Hitachi Genuine parts and lubricants, according to Hitachi specifications. This ensures the same high level of quality as our new machines at a cost-effective price.

A wide variety of Hitachi machines are available: any ZX excavator (mini, medium, large or wheeled) and ZW wheel loaders (above 125hp). They are less than five years old, with up to 7,500 working hours (or 3,500 hours for mini excavators less than seven tonnes).

## Benefits:

- Reliable machines
- Lower cost of ownership
- Approved warranty (12 months or 1,500 hours)
- Full maintenance history via Global e-Service
- Most models readily available
- Inspected and maintained by authorised Hitachi dealers

## Want to know more?

For more information on Hitachi Premium Used machines, please contact your local authorised Hitachi dealer or visit [www.hitachicm.eu](http://www.hitachicm.eu). Used equipment currently available can be viewed at [used.hitachicm.eu](http://used.hitachicm.eu)
