

Zenith[®] Plate Lip GET Solutions

Bradken's Zenith[®] Plate Lip ground engaging tools are engineered to minimise dig energy and extend wear life.

**Interchangeable
with existing
lip shrouds**

Bradken Zenith[®] Adapters are available in three options depending on your machine class or dig severity.

Bradken Zenith[®] Points are available in three styles to suit applications; Standard, Long and Heavy Duty.

Compatible with Bradken's current lip shroud range.

Our unique design eliminates through pins and enables point rotation, plus points are secured with locking pins which are engineered to perform in all climates.

Safer Tooth Removal

- Safer install and removal with the hammer-free pin and hammer-free removal tools.
- Point locking pin supplied pre-installed reducing install effort.
- Horizontal pin orientation allows improved ergonomics during removal process.

Reduced Maintenance and Downtime

- Efficient change-out time at two minutes per point with the hammer-free pin and removal tools.
- Single upper and lower wear caps extend adapter life.
- Flat surfaces allow simple nose maintenance when required.
- Pin design maintains reliability in all mining applications from extreme heat to extreme cold.

Reduced Total Cost of Ownership (TCO)

- New streamlined design minimises dig energy required.
- Unique reversible hexagonal nose maximises wear life of the point.
- Locking pin pre-installed reduces inventory order requirements.

Our Innovation. Your Advantage.
